

Submitted	County	Do you have any reef-related concerns or specific problems you would like to share?	Do you have any suggestions about how to Improve the Our Florida Reefs Community Planning Process?	What's the best way to engage, inform, and work with your community?	Do you have any additional comments or suggestions about the Our Florida Reefs Process, the community meeting you attended, or any other aspect of the Southeast Florida Coral Reef Initiative?
8/2/2013	USA	<p>I received an email regarding your acceptance of Community Groups. I have a question regarding that. I am a Marine Biology Student, at this point I do not belong to any groups and i would like to know how can I join a group or start one.</p> <p>Please let know me, would love to get involved.</p>		<p>I am a private citizen.. I run a non profit organization that rescues dogs and cats from our local kill shelter. I am also a Marine Biology Student at Florida International University. Best way would be my email wboni001@gmail.com or phone 954-918-3147 (mobile)</p>	
8/8/2013		<p>Large artificial reefs such as ships attract many Goliath grouper, Jewfish, which eat everything. I suggest to promote smaller artificial reefs that grouper and snapper can hide inside.</p>	<p>Involve the divers as much as possible because they are the ones that can see what really happens including fish limits and seasons.</p>	<p>Local businesses. E-mail or smart phone, 850 814-7770</p>	<p>My father sold the first SCUBA tank in the US from the Miami Sporting Center. I am 67 years old and have more than 30,000 dives around the world. I grew up in Miami and the Keys and settled in Panama City. I have seen things change, some for the better and some not so good. Yes I am diving Saturday. My favorite activities are salvage, shelling, spear fishing and photography. If I can help, send me a note. Jack McDougall "McDiver"</p>
