

1/28/2016	bob poller	<p>I live in St Lucie County in St Lucie West. Am active in the waters off of Ft Pierce. Maybe you have not seen an idea that seems to be constructing reefs, and having a family or loved one....sponsor that small "fish hotel" as I call it, and have it placed in local waters. Yes, there is a plack ID also available to add the sponsors name. I'll send you some pictures I took. You can use them we my permission. and first, I do not work for the firm, or know they, or am getting a dime for sending this....but, a nice place to share some space with the fishes and corals, when time comes to talk to the GreatFisherman way beyond. The kids in the photo, 11 and 12, are my GAL (Guardian ad Litem)) boys, we spent an hour checking out the concrete .....a great addition to any reef. I'll look for you email contact after I send this, or if you do not have a published one, just call me. Bob Poller, 772 343 7369.....a lifetime Florida resident, formally from Miami, a UM grad in 58.....and I love this state.</p>
