4/2/2016	charles butler	ceb3@bellsouth.net	rmas your site is not very user friendly I couldn't find the rmas or a map of the proposed closure areas.
4/2/2016	Kyle	kkirchheiner@gmail.com	What is the point of closing the reefs and reef areas to recreational fishermen?
4/22/2016	Frank Schmidt	FPSDiver@aol.com	N-59 Much better!.....I'd add restrictions on different species to coincide with spawning seasons....Possibly Mutton the month of May, Hog fish about the same....you can get better information as to best time to restrict due to spawning season.
