10/12/15	N/A	N/A	<p>Please look at redevelopment plans surrounding Suni Sands Mobike Home Oark in Jupiter Florida. In addition to evicting 100 senior citizens, a developer is proposing to dredge the intracostal to erect a boathouse to display his antique boat collection, construct an underground garage (on the ocean) and erect a hotel and retail space. Our intracostal beach area houses endangered turtle species and a large Manatee population (Johnson Seagrass). Please help us preserve our area and a newly created reef at DuBois Oark Jupiter. Thank you</p>	N/A	N/A	N/A
10/19/2015	Palm Beach	Charlene Waldon, beach Go-er	<p>I went to Phil Foster Park on Blue Heron Blvd. in Riviera Beach, Fl. 10/18/2015 and was devastated at the amount of trash that was under the bridge. There are many people that go to this park for family outings. There is also dive instructions that take place here. I have gone to this area many times because it is very relaxing and see many beautiful things in the water. Now there is plastic containers everywhere, cans, you name it, it is there. I picked up some trash and placed it in the garbage cans the park provides, but it was just too overwhelming at the amount of garbage there. I wish there were signs there to educate the public about the pollution to our seas. Not just one, but multiple signs in English and Spanish. Before leaving the park I did write in the sandSave our oceans, please pick up your trash.....in hopes that someone would get the message before the tide came back in and wash the message away. Thank you for reading my request.</p>	N/A	N/A	N/A
